To Whom it May Concern

I hereby confirm that Kwelanga Training delivered the above-mentioned program to our Senior Specialists over a 15 month period.

From the onset Kwelanga partnered with us to deliver content that was relevant to our identified business and people requirements and implemented in a blended approach. The facilitators were knowledgeable and experienced and allowed the candidates to grow their people and coaching skills in an encouraging and challenging environment. This programme resonated with our employees and resulted in team collaborations which culminated in creative presentations.

I would like to thank Kwelanga for their involvement, professionalism and support throughout and would not hesitate in recommending them for similar learning journeys in your organisation.

Yours Sincerely,
